

LAND ROVER
DEFENDER
1990 - 2016

Land Rover,

now becomes the focus of **Key Garage**, the restoration team that created **Key Museum**. The team, which has restored more than 100 automobiles that have left their mark in automotive history in the past **20 years** and brought them to the present, started working on Land Rover Models, one of the iconic models of its century. With years of experience and high quality craftsmanship, **Key Garage** transforms **Land Rovers** from being your dream vehicle into a reality for your driving pleasure.

A good restoration consists series of processes where;

- *design meets engineering,*
- *machines meet elbow grease,*
- *an honest penny meets endeavour.*

**Restoration is actually making a clean break in the story,
in line with the soul of the vehicle!**

**To learn the details of the story,
we first strip the vehicle down to the smallest screw.**

**Before building a new experience on the foundations of the past,
we should know what we have.**

THE ICON

It is a true icon
with timeless design.
It preserves the original spirit.
We're just making small
changes to keep it
up to date.

THE NEW GUY

Get ready to
meet the new guy.
It reflects our visionary
perspective and shows
the potential
of the vehicle.
